## Exhibition booth and Panel display

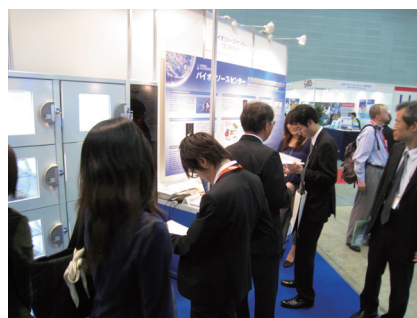

### 【2006】

- The 53rd Annual Meeting for the Japanese Association for Laboratory Animal Science  
(May 11-13, 2006 in Kobe)
- The 49th Annual Meeting for the Diabetes Society  
(May 25-27, 2006 in Tokyo)
- The 20th International Union of Biochemistry and Molecular Biology (IUBMB)  
(Jun. 18-23, 2006 in Kyoto)
- The 13th Annual Meeting for Japan Society for Culture Collections  
(Jun. 19-21, 2006 in Wako)
- The 17th International Conference on Arabidopsis Research  
(Jun. 28-Jul 2, 2006 in Madison, USA)
- The Industrial Exhibition of Ibaraki Prefecture 2006  
(Jul. 13-14, 2006 in Tokyo)
- The 16th Basic Research for Breast Cancer  
(Jul. 29-30, 2006 in Chiba)
- The 24th Annual Meeting for Japanese Society for Plant Cell and Molecular Biology  
(Jul. 29-30, 2006 in Tsukuba)
- The 4th Science Frontier Tsukuba  
(Sep. 5, 2006 in Tsukuba)
- The 70th Annual Meeting for the Botanical Society of Japan  
(Sep. 13-16, 2006 in Kumamoto)
- The 78th Annual Meeting for the Genetics Society of Japan: National BioResource Project (NBRP) Symposium was held on the meeting  
(Sep. 25-27, 2006 in Tsukuba)
- The 65th Annual Meeting for Japanese Cancer Association  
(Sep. 28-30, 2006 in Yokohama)

- The Molecular Biology Society of Japan 2006 Forum  
(Dec. 6-8, 2006 in Nagoya)
- The 5th The Public Symposium" Germ cell development, reprogramming and epigenetics: Contact point of germ cell, clone animal, and stem-cell research"  
(Dec. 15-16, 2006 in Tokyo)

### 【2007】

- The 6th Annual Meeting for the Japanese Society for Regenerative Medicine  
(Mar. 13-14, 2007 in Yokohama)
- Annual Meeting for Japanese Society for Bioscience, Biothchnology, and Agrochemistry 2007  
(Mar. 25-27, 2007 in Tokyo)
- The 48th Annual Meeting for the Japanese Society of Plant Physiologists  
(Mar. 28-30, 2007 in Matsuyama)
- The 54th Annual meeting for the Japanese Association for Laboratory Animal Science  
(May 23-25, 2007 in Tokyo)
- The 50th Annual Meeting for the Diabetes Society  
(May 24-26, 2007 in Sendai)
- The 51st Annual Meeting for the Mycological Society of Japan  
(May 26-27, 2007 in Tsukuba)
- The 40th The Lapanese Society for Developmental Biologists/The 59th Japan Society for Cell Biology Joint Annual Meeting  
(May 28-30, 2007 in Fukuoka)
- FELASA-ICLAS Joint Meeting 2007 (The 10th FELASA Symposium and the XIV ICLAS General Assembly & Conference)  
(Jun. 11-14, 2007 in Cernobbio, Italy)
- The 18th International Conference on Arabidopsis Research  
(Jun. 28-Jul 2, 2006 in Beijing, China)

- The 14th Annual Meeting for Japan Society for Culture Collections  
(Jun. 25-27, 2007 in Sapporo)
  - The 13th Annual Meeting for the Japan Society of Gene Therapy  
(Jun. 28-30, 2007 in Nagoya)
  - The 25th Annual Meeting for Japanese Society for Plant Cell and Molecular Biology  
(Aug. 9, 2007 in Chiba)
  - The 24th Annual Meeting for the Japanese Society of Animal Models for Human Diseases  
(Aug. 31, 2007 in Tsukuba)
  - Neuro2007 Satellite Symposium  
(Sep. 8, 2007 in Yokohama)
  - The 71th Annual Meeting for the Botanical Society of Japan  
(Sep. 9, 2007 in Noda)
  - Neuro2007 Satellite Symposium  
(Sep. 10-12, 2007 in Yokohama)
  - The 4th Asia-Pacific Conference on Chemical Ecology  
(Sep. 12, 2007 in Tsukuba)
  - The 23rd Annual Meeting for Japanese Society of Microbial Ecology  
(Sep. 15-18, 2007 in Ehime)
  - The 79th Annual Meeting for the Genetics Society of Japan  
(Sep. 19-21, 2007 in Okayama)
  - The 66th Annual Meeting for Japanese Cancer Association  
(Oct. 3-5, 2007 in Yokohama)
  - The 11th International Conference on Culture Collection (ICCC11)  
(Oct. 7-11, 2007 in Goslar, Germany)
  - The 4th Annual Meeting for Asian Conference on Lactic Acid Bacteria  
(Oct. 14-16, 2007 in Shianghi, China)
  - The 9th RIBS Bioscience Symposium  
(Oct. 26, 2007, Okayama)
  - The 21st International Mammalian Genome Conference (IMGC)2007  
(Oct. 28-Nov 1, 2007 in Kyoto)
  - The 37th Annual Meeting for the Japanese Society of Immunology  
(Nov. 22, 2007 in Kyoto)
  - BMB2007 NBRP Special Exhibition  
(Dec. 11-14, 2007 in Yokohama)
- 【2008】**
- The 7th Technology Showcase  
(Jan. 25-26, 2008 in Tsukuba)
  - The 82nd Annual Meeting for the Japanese Association of Infectious Diseases  
(Apr. 17-18, 2008 in Shimane)
  - The 55th Annual meeting for the Japanese Association for Laboratory Animal Science  
(May 15-17, 2007 in Sendai)
  - The 81st Annual Meeting for the Japanese Tissue Culture Association  
(May 19-20, 2008 in Tsukuba)
  - The 51st Annual Meeting for the Diabetes Society  
(May 22-24, 2008 in Tokyo)
  - The 52nd Annual Meeting for the Mycological Society of Japan  
(May 31-Jun 1, 2008 in Mie)
  - The 31rd Annual Meeting for the Japan Neuroscience Society  
(Jul. 9-11, 2008 in Tokyo)
  - 2008 Multinational Arabidopsis Steering Committee (MASF) annual meeting  
(Jul. 25, 2008 in Montreal, Canada)
  - The Industrial Exhibition of Ibaraki Prefecture 2006  
(Jul. 30-31, 2008 in Tokyo)
  - The 10th Annual Meeting for the Society of Evolutionary Studies, Japan  
(Aug. 22-24, 2008 in Tokyo)
  - The 26th Annual Meeting for Japanese Society for Plant Cell and Molecular Biology  
(Sep. 1-2, 2008 in Osaka)
  - The 79th Annual Meeting for the Zoological Society of Japan  
(Sep. 5-7, 2008 in Fukuoka)
  - The 72nd Annual Meeting for the Botanical Society of Japan  
(Sep. 25-26, 2006 in Kochi)
- Mail News**
- The Experimenta Animal Division, the Cell Engineering Division, the Gene Engineering Division, and the Microbe Division are delivering various, useful information including the latest information of once a month and the biotechnology resource as mail news. Please see the back number on each division on BRC homepage (<http://www.brc.riken.go.jp/>).

**Press release**

**[2006]**

**"Gene-Based Manipulation of a Plant Hormone Regulating Drought Tolerance"**

Shinozaki Research Collaborative Team  
Research Scientist, Taishi UMEZAWA  
(Apr. 4, 2006)

**"Reviving sperm from the dead: Research shows viable DNA can be retrieved from the sperm of frozen mice to fertilize eggs"**

Bioresource Engineering Division  
Head, Atsuo OGURA  
(Aug. 15, 2006)

**"A new production protocol for red blood corpuscles from cord blood"**

Cell Engineering Division  
Head, Yukio NAKAMURA  
(Oct. 6, 2006)

**[2007]**

**"Genetic stress relief: New discovery sheds light on how plants respond to environmental stresses"**

Shinozaki Research Collaborative Team  
Junior Research Associate, Fuminori TAKAHASHI  
(Mar 19, 2007)

**"Putting a STOP to acid stress: A transcription protein called STOP1 helps plants to tolerate aluminum ions and protons"**

Experimental Plant Division  
Senior Research Scientist, Satoshi Iuchi  
(May 29, 2007)

**"Bioresource Information Division and Experimental Plant Division of BRC launched open access to SABRE, a database using thale cress as a backbone to unite four plant genome resources"**

Bioresource Information Division  
Head, Kaoru FUKAMI-KOBAYASHI  
Experimental Plant Division  
Head, Masatomo KOBAYASHI  
(Jun. 26, 2007)

**"Stem cell precursors of ovarian support cells: Researchers isolate and devise a way to produce progenitors of cells essential for ovarian follicle maturation"**

Bioresource Engineering Division  
Special Postdoctoral Researcher, Arata HONDA  
(Jul. 17, 2007)

**"The Functional Genomics Research Group of GSI in collaboration with the Laboratory for Bone and Joint Diseases of SNPRC has developed a new disease model mouse that shows severe osteoarthritic syndromes soon after birth"**

Shiroishi Research Collaborative Team  
Senior Scientist, Hiroshi MASUYA  
(Aug. 30, 2007)

**[2008]**

**"Anemic lab mice cured by own blood produced from stem cells"**

Cell Engineering Division  
Head, Yukio NAKAMURA  
(Feb. 6, 2008)

**"Developing a method for sophisticated genome function analysis at the single base level"**

Mutagenesis and Genomics Team  
Team Leader, Yoichi GONDO  
(Sep 10, 2008)

**Television telecast**

**NHK News 7 "Establishment of red blood cell progenitor cell line"**

Cell Engineering Division (Feb. 6, 2008)

**NHK Ohayo Nippon: Live "Era of iPS cells! "**

Cell Engineering Division (Feb. 7, 2008)

**KBS (Korea) Science Cafe "Animal Science"**

Experimental Animal Division
